Hassam Uddin

ELECTRONICS ENGINEER

Karachi|hassamuddinrajput420@gmail.com|03368966126|Portfolio|Github|Linkedin|

SUMMARY

Electronics Engineering student with a knack for problem-solving and innovation. Quick learner, adaptable, and eager to explore new technologies. Looking for opportunities to apply my knowledge and gain hands-on experience. Passionate about solving real-world problems through technology and ready to contribute to software and electronics engineering teams.

TECHNICAL SKILLS

Languages: Embedded C/C++, Java, Python, VHDL
Hardware & Platforms: STM32, Arduino, Raspberry Pi, Microcontrollers
Domains & Concepts: Instrumentation & Measurements, Artificial Intelligence (AI)

PROFESSIONAL EXPERIENCE

Technical Assistant Intern, Electrotech Engineering Services Pvt. Ltd. Jun 2023 – Oct 2023

- Assembled, tested, and signal-checked electronic circuits alongside Arduino sensor setups.
- Executed hands-on component replacement, guided troubleshooting, and circuit maintenance.
- Managed laboratory documentation and equipment inventory tracking.

EDUCATION

BS Electronics Engineering **Oct 2022-July 2026**
Sir Syed University of Engineering & Technology

- Relevant coursework in Control System & Automation, Embedded System & Machine Learning.
- CGPA: 3.21/4

PROJECTS

Final Year Project : VIRTUAL SCENE RENDERING FOR DEAF & DUMB PEOPLE USING AI BASED AUDIO ANALYSIS

- Developed an AI-based assistive system that detects and classifies environmental acoustic signals (alarms, sirens, traffic noise) in real time.
- Transformed auditory hazard data into clear visual notifications to enhance user safety and situational awareness.
- Applied advanced audio feature extraction and machine learning techniques to bridge acoustic and visual feedback.
